Enclosures: R.O.C. No. 2084-R2- dated 22nd October 1942

Sir,

Para 5. R.F.A - Wireman - Central Jail,
 Coimbatore - Additional allowance
 under R.F. 49 in terms of - orders
 requested.

M Durgamma well in Central Jail, Coimbatore fitted with Motor pump in the year 1937 and ever since, the wireman of the Jail R.F.A. Parsons has been looking after the duties of this motor pump in addition to the Electric installations inside the Jail. The Government Electrician who inspected the Electric motor of the Durgamma well, during 1941 reported that the water level in the well was very low and there was considerable strain on the pumping set and suggested that a new pump should be installed in another well so as to reduce the strain on this Electric Motor pump.

N 2. At our request the Industries Department sent an oil Engine and pump in the Nagamma well in the same jail and left a driver to look after them. This went on from August 1941 to May 1942 when the oil Engine driver's services were transferred to the Cannought Barracks for the Pioneer Force. The Industries department have expressed their inability to post an Engine driver to look after the oil Engine at the Nagamma Well and consequently Mr. Parsons is looking after (1) the Electric motor pump at the Durgamma well (2) the oil Engine and pump at the Nagamma well besides his duties of:-

- A (1) Maintenance of Electric installations in the jail.
 (2) Checking all the lights and fans and keeping them in good order, and
 (3) Testing the connections periodically.

2. The Superintendent recommends the payment of the additional allowance at the rate of 1/5 of his substantive pay as per rule 49 of the F.R. for the extra work of attending to the oil Engine and pump at the Nagamma well which was in charge of a separate driver and reports that the two posts can be considered as independent for purposes of F.R. 49.

3. The wireman is getting Rs.50/- in the scale of Rs.30-50-80.

4. I request that Government may be pleased to sanction the payment of Rs.10/- per mensem from 1-6-42 to the wireman for this additional work so long as he continues to look after the additional duties attached to the post of the Engine driver at the Nagamma well, which was looked after by the Engine driver of the Industries Department.

For Insp.-Genl. of Prisons

C.No. 25696 G.O. From the I.G. of Prisons No Rec 2084-B2-42 D/ 22-10-42
p.t.c of Subject - Jail - Establishment - Central Jail,
Bellary Parsons Mr F. A - Wieman - Grant
of addl. allowance under F.R. 49.

Please see the I.G.'s proposal m.p.t.c.f.

The Superintendent of the jail has

reported that the posts of Wieman and of the
Driver of the oil engine can be considered to
be independent for purposes of F.R. 49. It is
doubtful whether the two posts can be considered
as independent. Reference is in this connection
invited to the statement of the duties of the
Wieman in the Central Jail, Bellary, ~~and~~ the
Central Jail, Salem and the Borstal School,
Tanjore given on p 2 of G.O. 3778 Home dated
15-10-42. The work turned out by these

Wiemen is more or less of the same nature.
The scales of pay of these Wiemen are given
below:

para 3, p.t.c.f.

Wieman, C.J., Bellary — 30-2-50

D' para 3, p.t.g. (H)

" C.J., Salem — 28-3/2-37

para 4 of order of p. 3-4 of (H)

" Borstal School, Tanjore — 28-3/2-37.

para 2(u), p.t.c.f.

2. It is stated that the Engine driver
attached to the Nagamma well was an
employee of the Industries dept. It is not
stated what pay he was getting ^{if he was a whole time employee of the jail}. It does not

appear that the Jail dept was contributing anything towards his pay.

3 If it is considered that any addl pay should be given to the Wierman, it need not be addl pay under P.R. 49, but a spl. pay on the analogy of the orders in G.O. No 2018

Home dated 12-4-39. The I.G. has recommended an addl pay of Rs 10 p.m. For orders whether this should be agreed to the I.G. recommends the payment of the addl pay from 1-6-42. Subd that if it is sanctioned, it may be from the date of the order.

4 The Case may go to Finance for remarks.

R
51.10.42.

What is the scale of pay of the oil engine

driver? Find out if the pay of that driver ~~to~~ was being met by the Jail or the Industries Dept

Asst. Secy's query orders above

No information is available in the office. A draft memo to the I.G. calling for the information is subd for approval on p.2 c.f.

2. The I.G. recommends an additional pay

para 4 of I.G.

for the wireman for discharging the work of the engine driver of Nagamma well in addition to his own duties enumerated at A in para 2 (i) of the I.G.'s letter at p. 1 c.f. The criterion for granting any additional pay under F.R. 49, is that the posts should be independent of each other. A charge allowance in this case seems hardly justified, as the wireman of the jail was looking after the installations of the Durgamma well in addition to his duties as wireman. Similar duties are now being performed with regard to the subsequent installations put up for another well (Nagamma well). It cannot be said, therefore, that the two posts are independent for purposes of F.R. 49. The fact however remains that the wireman is doing substantial additional work, which was previously being done by a wholetime engine driver of the Industries Department whose services have since been

23366.

M of para 1 of I.G.'s letter at p. 1 c.f.

p. 1 c.f.

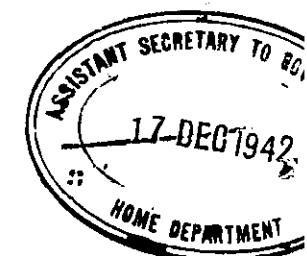

V of para 2 of I.G.'s letter at p. 1 c.f.

been

been withdrawn. The I.G. recommends Rs 10/- p.m., for this additional work, which is $\frac{1}{5}$ of his substantive pay of Rs 50/- p.m. This arrangement, of course, is economical. In view of the special circumstances of the case, Finance may agree to the proposal of the I.G. which has the support of Home Dept.
